

## Hydraulic power pack 11kW

Type: HPU-11-20-01

This unit is equipped with an internal gear pump, suspended in the oil, which is powered by an 11kW 400V electric motor. The unit is easy to operate for all applications by means of a 3-fold manual valve.

On the control box there is a possibility to extend the controls with an external start/stop and/or emergency stop device.

The frame of the unit is provided with lifting eyes and is by means of swivel wheels easy to move by hand. This makes this unit very practical for work in a workshop.

### Dimensions:

Height:	142 cm
Width:	120 cm
Depth:	74 cm
Weight:	350 kg

### Characteristics:

Fluid capacity:	150 litre
Pump displacement:	20,3cc
Max output flow:	28 L/min at 200 bar
Electric motor power:	11 kW 400VAC
Electrical connection	32A connector 5 poles, 3 phase + PE + N Connection for emergency stop Connection for remote control
Hydraulic connection	½" male quick coupling for the drain
Valve	Manually operated two-way valve, with 3 sections, with ½" quick couplings.
Facilities:	Swivel wheels Lifting eyes Air cooler
